## The Three Miltonists

The Three Miltonists

According to  
**Dr. Robert J. Wickenheiser**

My good fortune to be with two great artists of our time, Bienvenido Banez and Terrance Lindall. Several of Bien's drawings illustrating Paradise Lost and a major grouping of original drawings by Terrance Lindall as well as the only other copy of his magnificent elephant folio illustrating Paradise Lost in the style of a medieval manuscript are in my private Milton collection and will ultimately become center pieces in my Milton collection in Rare Books and Special Collections at the University of Special Collections.

"Bienvenido Banes Banez, Jr." is a Filipino surrealist painter born in Davao City in the southern island of Mindanao, the Philippines, on June 7, 1962. Having suffered from mild childhood autism and attention deficiency disorder, he became a fine example for parents with special children as he rose to comparative international prominence when he was counted in as one of early 21<sup>st</sup> century's greatest living surrealists by Terrance Lindall, president and executive director of the Williamsburg Art and Historical Center in New York.

His Milton work is now in the U. of South Carolina Milton Collection and the Milton Cottage Collection.

This drawing by Allen is truly wonderful! Glorious Satan is the center of the drawing. It is a drawing of the foundation for the Milton collection. Utterly fantastic. It captures exactly what I call his art "Photo Electric." Notice that Adam & Eve are now being entwined in flames of Hell and snakes. A great conceptual point!!! The third work is the "World of 666" focusing on Satan being "Perfect in His

#### Fore-edge Painting

Dr. Wickenheiser with a specially bound copy of his collection catalog, having a painting under glass of milkport on the cover and with fore-edge paintings of Eve and other scenes (not shown). fore-edge painting is a scene painted on the edges of the pages of a book. There are two basic forms, including paintings on edges that have been fanned and edges that are closed; thus with the first instance a book edge must be fanned to see the painting

On April 14 & 15, 2012, Dr. Robert J. Wickenheiser will talk about his collecting experiences at the Williamsburg Art & Historical Center in Williamsburg Brooklyn. He will also display some of his collection. The 928 page sumptuously illustrated catalog will be available for purchase...and maybe he will sign it. The Wicknenheiser Milton collection, now at the University of South Carolina, has been called by Professor John Shawcross, the "hands down" greatest Milton collection ever assemble.
